Field Operations Manager  
Tualatin Valley Water District

Tualatin Valley Water District

## Underutilized Equipment

Some just not used much

Some used regularly but getting old

Tualatin Valley Water District

### Concept vs. Reality

Sale  Purchase

General Fund Capital Outlay Budget

Tualatin Valley Water District 3

### Vehicle Selection Guidelines

- To work within the District mission, goals, & values;  
Business Needs are defined as the highest requirement

Tualatin Valley Water District 4

## Vehicle Selection Guidelines

### Policy Guidance

- In keeping with TVWD's sustainability culture, the TVWD Board encourages the use of alternative fuels for District vehicles and equipment when such alternatives are consistent with the requirements and business needs of the District.

## Vehicle Selection Guidelines

- Over 40% of the District Fleet is Alternative Fueled Vehicles
- About 40% of the total fuel consumed is biodiesel (B20)
